RADIS MECHANIC GOSTAR

About Us:

The RMG Company was registered in Tehran-Iran in 2016 and has officially started its activity since 2017. This Company was established by engineers graduates at Iranian reputable universities who have more than 20 years of experience in EPC Companies active in oil and gas, power plant and steel projects.

They have been active in these Companies as senior managers in the executive, engineering and commercial departments.

The main specialty of the founders are in the fields of engineering and supply of equipment for downstream industrial, utilities and facilities and implementing industrial projects .

RMG is a progressive, developing and pioneering group in the field of design, procurement and construction field of utility & facilities and industrial plants, which is in the field of engineering and construction of industrial projects such as water treatment packages, filtration, waste Water treatment, desalination water in Power plants, Steel industries and Oil and Gas Refineries and also cooling towers and industrial treatment plants.

RADIS MECHANIC GOSTAR

Fields of Activity

- Water and sewage treatment plants
- Supply kinds of mechanical equipment
- Supply kinds of electrical equipment and instruments
- Steam systems
- Fuel systems
- Injection packages
- Fire Alarm and extinguishing systems

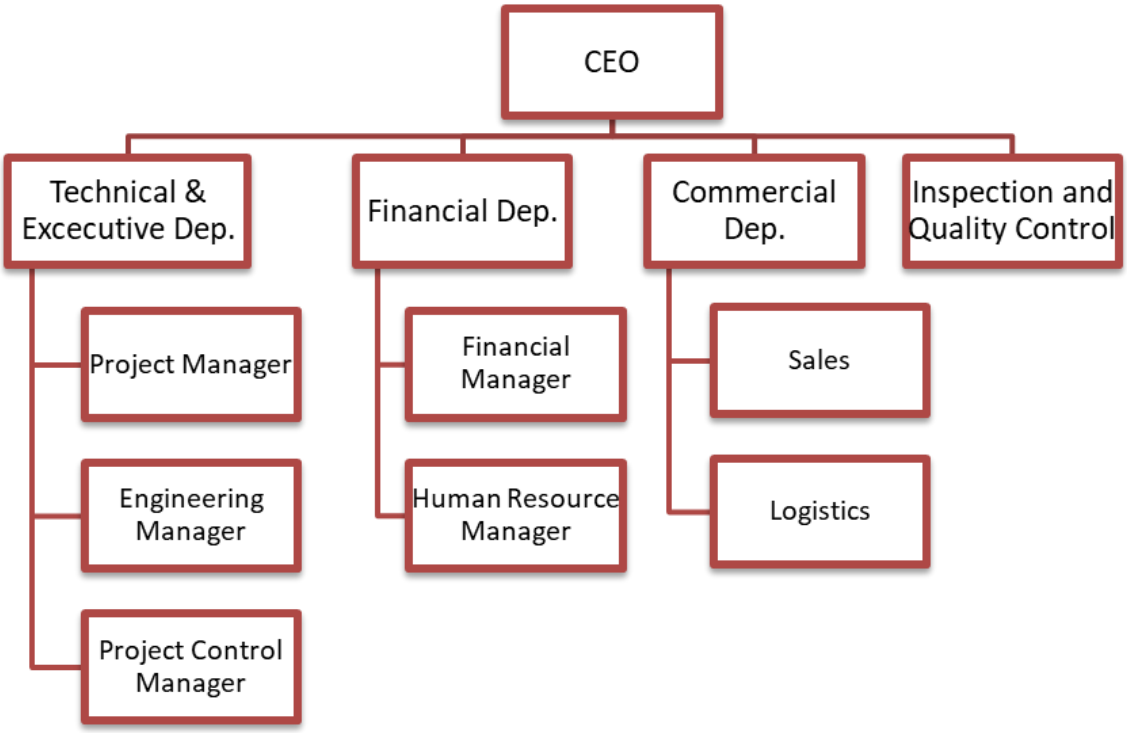

RADIS MECHANIC GOSTAR

Organizational target

Providing Innovative solutions for the industrial facilities to create sustainable development with highest standards of customer service, optimal energy consumption, use of green and careful energy Environmental issues

Organization Chart

RADIS MECHANIC GOSTAR

Facilities and Abilities

- **Design, supply, and erection of reverse osmosis (RO) membrane packages.**
- **Design, supply, and erection of ultra filtration (UF) packages.**
- **Design, supply, and erection of self-cleaning filters, water, and active carbon packages.**
- **Design, supply, and erection of chemical injection packages.**
- **Design, supply, and erection of pre-treatment systems, including API - CPI - DAF**
- **Design, supply, and erection of salt production systems.**
- **Design, supply, and erection of fuel transfer pumps and water and sewage pumps.**
- **Design, supply, and erection of gas pressure reduction stations.**
- **Design, supply and erection of fire alarm systems and instrumentation equipment.**
- **Design, supply, and erection of fire extinguishing systems, including fire pumps and jockey pumps and pipelines.**
- **Design, supply, and construction of cooling towers.**
- **Design and construction of vessels and tanks.**
- **metal and non-metal piping in industrial projects**
- **Installation of mechanical and electrical equipment in industrial projects**

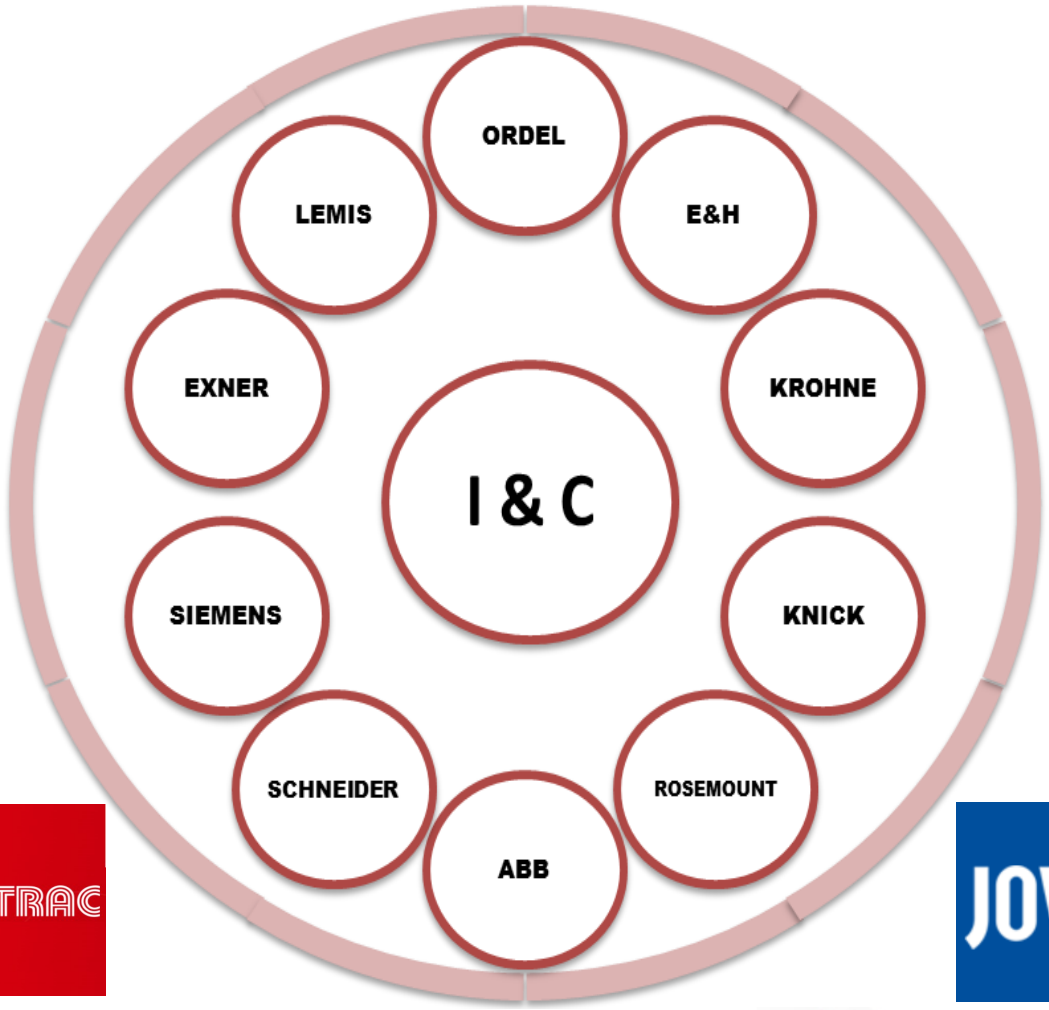

RADIS MECHANIC GOSTAR

Supplier of Industrial Instruments and Equipment's

RMG Company can supply all kinds of instruments and control systems from European, Korean, Chinese and Turkish brands

PETRAC

JOVAS

Äager

EXNER Process Equipment

ORDEL

VTS

LEFILTER XINXIANG LIFEIERTE FILTER CORP.,LTD

LEMIS process

Knick

Storagetech

emica 120 pumps YEARS

Packo A VERDER COMPANY

RADIS MECHANIC GOSTAR

Completed & Ongoing Projects and Scope of work

• Cooling tower project of slab and bloom unit • Khuzestan steel Co.	Engineering Services
• Cooling towers project • Yazd alloy steel Co.	Engineering Services
• Structural and Civil work • Yazd alloy steel Co.	Design & Construction
• Electrical and Mechanical installation • Zahedan Hospital	Design & Construction
• Injection packages for units 127, 128 and 129 • MAPNA-South Pars Phase 13	Design & Supply
• Injection packages for units 127, 128 and 129 • FARAB-South Pars Phase 22-24	Design & Supply
• Injection packages for units 127, 128 and 129 • MAPNA-South Pars Phase 14	Design & Supply

RADIS MECHANIC GOSTAR

Completed & Ongoing Projects and Scope of work

• Industrial treatment plant • Mianeh Steel Complex	Supply & Construction
• WWTP Unit 141 • Esfahan Refinery Co.	Erection of electrical & mechanical equipment
• CPP and Damin units 2 and 3 • MAPNA-Sablan power plant	Supply & installation of Electrical, Piping and Mechanical equipment
• water & wastewater treatment plant • Rodeshoor power plant	Erection & commissioning
• Mechanical BOP • Construction of 20,000 m3 diesel fuel storage tank • Zanjan2 power plant	Supply & Construction & Erection & Pre Comissioning
• Fire pump station • Yazd Taban power plant	Erection & commissioning
• Water treatment plant (RO) • Baft Co.	Erection & commissioning
